Harold:

Here's forty dollars to cover the cost of sending me a copy of a couple of pages of the transcript of the Doctors' press conference in Dallas, Nov. 22nd. in which the neck wound is described as an entrance wound; and, if possible, a copy of the sewer blueprints. If the latter is too much trouble, don't bother.

Again thank you for a spectacular interview and meal. I hope to be able to do it again real soon. My love to Lil.

The Very Best,

John Barbour
